

FOR PRACTICES, CLINICS & CARE

No more paperwork in the im waiting room.

Consents, intake and contracts signed digitally — hosted in CH/DE, under your practice brand.

Informed consent, intake forms, privacy notices and contracts — signed by patients and staff in minutes, legally binding and under your brand.

THE PROBLEM — AND HOW WE SOLVE IT

✗ The reality today

- ✗ **Consents on paper — a pile of forms**
Print, have it filled in, scan, retype. It clogs the waiting room and costs time.
- ✗ **DocuSign is expensive — and US-hosted**
Enterprise pricing, and highly sensitive patient data sits outside Switzerland and the EU.
- ✗ **Someone else's brand at reception**
Patients sign in a US tool — not with your practice.
- ✗ **Consent hard to prove**
Was the patient informed in time and in full? Paper leaves no complete record.

✓ With we sign.now

- ✓ **Consents digital, in minutes**
Patients sign on a tablet at reception or on mobile beforehand — pre-filled.
- ✓ **Hosted in Zürich — ZertES & eIDAS**
Health data stays in CH/EU. SES + AES, PAdES-sealed — around 90% cheaper than DocuSign.
- ✓ **Your brand — signing page & email**
Patients sign on YOURPRACTICE.wesign.now — your logo on the signing page and in every email.
- ✓ **Court-proof audit trail**
Every consent with timestamp and certificate — fully documented (liability protection).
